TALK OF HIGH PRICES. HOW ABOUT THESE?

Jake Stern, of Paris, recently received a letter from his parents, in Russia, in which they wrote of the distressing conditions prevailing there. The letter stated that their daughter had been ill for some time, and that in trying to procure some delicacies for her they met with exorbitant charges. Apples were retailing for \$2.50 each, and as for chickens, so badly needed for broths, those were retailing for a sum corresponding to \$40 in American money. A postcard written by Stern to his parents in November, a year ago, was returned to him a few days ago, the postal authorities being unable to locate them.

COUNCIL RESCINDS ORDER.

At the recent meeting of the City Council a committee composed of Councilmen Kiser, Doyle and Veatch, was appointed to check up the books of the city and to prepare a statement of the city's financial condition, to be submitted at the next regular meeting of that body.

Dr. J. M. Williams tendered his resignation as member of the Board of Health, which was accepted. Dr. C. G. Daugherty was elected in his place. On application from Clarence K. Thomas and Rudolph Davis, a committee composed of Mayor January and Councilmen Veatch, Arkl and Kiser was appointed to confer with the Bourbon Fiscal Court with a view to co-operating in the purchase of two cannon to be placed in the court house yard as ornaments.

The question of the city disposing of garbage placed on the streets in cans and boxes provoked considerable discussion. Councilman John Merriinger addressed the Council on the subject, and made a motion that the accumulation should be removed every day, making the point that as so many business houses and residences had no back yards where the garbage could be placed, necessity compelled using the streets and garbage cans should be removed by the city. Mayor January tested the motion, but a vote 12 to 10 was ordered that Main street should be swept daily from Se to Tenth, and that all accumulation of garbage should be removed.
